## AMERICAN LEGION ELECTS OFFICERS

First Annual Meeting of Seymour Post No. 89, of the American Legion was held at the council chamber in the city building Tuesday night at City Building.

WILL STAGE MINSTREL SOON

Membership Has Increased Substantially—Other Matters of Business Discussed.

The first annual meeting of Seymour Post No. 89, of the American Legion was held at the council chamber in the city building Tuesday evening. The meeting was largely attended and several new members were enrolled.

Carlisle H. Allen was elected president of the local post for the ensuing year succeeding T. H. Montgomery, who was elected to that office when the local organization was perfected last October. O. H. Holder was elected vice president, L. C. Hopp, secretary, William Topie, treasurer, Francis P. Gates, insurance officer, Oren O. Swails, district representative, and Stanley Switzer, George Laupus and Claire Pruden members of the executive committee.

Several important matters of interest to the Legion members were brought up at the meeting. A vote was taken on an amendment to the constitution providing for a monthly meeting of the local post. Other minor amendments were made to the constitution.

Stanley Switzer, the retiring secretary, and Walter Droege, treasurer, made their final reports at the meeting. Both reports were approved and ordered placed on the Legion records.

The local post will stage a minstrel show.

## OFFICERS AND DIRECTORS OF FIRST NATIONAL RENAMED

Annual Meeting of Jackson County's Oldest Banking Institution Held Monday.

The annual meeting of the stockholders of the First National Bank, the oldest financial institution in Jackson county, was held Monday and the directors and officers were re-elected without change. The stockholders renamed the following directors:

O. H. Montgomery, C. D. Billings, C. H. Cordes, M. Huber and Don A. Bollinger.

The directors then held a meeting and re-elected the following officers: President, C. D. Billings; Vice-President, O. H. Montgomery; Cashier, John A. Keegler.

The report shows that the bank is in a prosperous condition. The statement of December 31 showed the resources to be \$1,319,795.80. The surplus fund has been increased to \$50,000 which is one-half of the capital stock. The bank is conducted on a safe conservative basis and commands the highest confidence of the public.

## MORE RECORDS TO BE KEPT BY DRUGGISTS

Persons Buying Narcotics Must Have Prescription From Physician and Sign Same.

In addition to the already numerous records of drug sales required by the government another has been added whereby druggists are compelled to keep a record of all narcotics sold. The law requires that persons purchasing narcotics have a prescription from a physician and their own signature must appear on same.

A number of articles sold at drug stores are effected by the new order including several kinds of patent medicine. In fact, as explained by one druggist, anything that has any "kick" in it or would have a tendency to put a person to sleep, pharmacists must keep a close record of it.

## BOTH VOTES WILL GO FOR AMENDMENT

Senator Edward P. Elsner and Representative Frank B. Butler To Support Suffrage.

LEGISLATURE IS CALLED

Only Action on Woman's Suffrage Amendment to Federal Constitution Will Be Taken.

Jackson county's representatives in the state legislature will both vote in favor of ratification of the federal woman's suffrage amendment when the special session of the body convenes next Friday morning. Senator Edward P. Elsner, who represents this district in the upper branch of the legislature, stated this morning that he would support the resolution. Frank B. Butler, of Crothersville, signed a pledge several days ago to present no other business before the special session except the suffrage amendment. The pledge was taken to mean that he would favor the amendment.

Senator Elsner, who is Democratic floor leader of the senate, said that it was his understanding that the Democrats would vote in favor of the amendment. It is generally understood that the Republican members of both the senate and house will favor the new section of the federal constitution.

According to the program that has been mapped out in advance of the calling of the legislature, the session will be "cut and dried" and will not last more than three or four hours. It is planned to have a resolution presented in the senate, then the rules will be suspended and the resolution will be passed. It will then be hurried over to the house and the same action will be taken there. It is possible that the entire procedure may be completed before noon.

Senator Elsner is of the opinion that unsigned bills passed by the last legislature will have to be presented to the senate. He said that he believed there were about three such bills. He calls attention to a decision of the Indiana supreme court which rules explicitly on this point. Whether or not these bills will be presented is a matter of conjecture. The rules, of course, are adopted by the house and senate after they convene and as two thirds of the members of either branch have signed pledges to bring no other business before the body it is evident that any attempt to prolong the session could be promptly voted down.

Some of the members of the legislature are of the opinion that other matters should be given attention at this session, but it is thought that any such attempts will be speedily blocked.

Senator Elsner and Representative Butler will go to Indianapolis Thursday to be present at their respective party caucuses, to be held on Thursday night.

## SEYMOUR NATIONAL BANK HOLDS ANNUAL MEETING

Stockholders Re-elect Directors and They Select Same Officials for Coming Year.

The stockholders of the Seymour National Bank held their annual meeting at the bank building Monday night. The directors who were re-elected are: W. M. Whitson, Lynn Faulkner, Dr. J. M. Shields, J. G. Laupus and Charles L. Kessler.

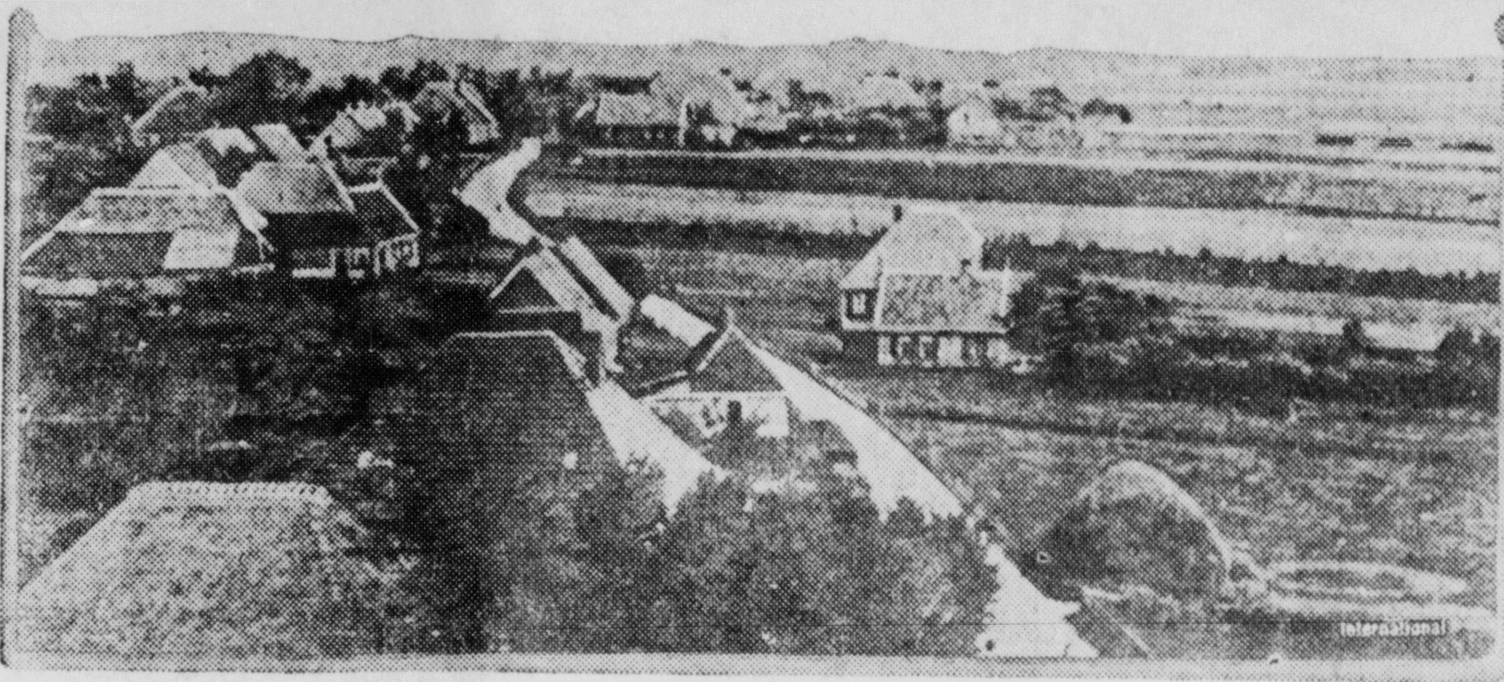

The directors re-elected the following officers:

President, W. M. Whitson; Vice-president, Lynn Faulkner; Cashier, J. S. Mills; Assistant Cashier, Walter Droege; Teller, E. C. Rinne; Book-keeper, Stanley Switzer.

This bank is making rapid forward strides and its business is increasing rapidly. Mr. Whitson has been engaged in banking business throughout his life and his ability as well as his conservative, but progressive methods are recognized in Seymour and the vicinity. The last report of the bank showed resources of \$843,273.73.

## MINISTERS TO AID IN CHURCH SURVEY

Members of City Ministerial Association Hear Plan Presented by M. S. Bishop.

TO EMBRACE ENTIRE COUNTY

Statistics to Be Gathered as to Religious and Economic Conditions in This City.

A preliminary conference to an exhaustive survey of religious, social and economic conditions to be made in Seymour and Jackson county under the direction of the Inter-church World Movement, was held at the First Presbyterian church this morning. The members of the City Ministerial Association were in attendance and heard the plan which was presented by M. S. Bishop, presenting the state organization. A survey is to be made of the rural communities of the county in the so-called rural survey and statistics relative to the city will be gathered when the "city" survey is undertaken. The ministers are co-operating with the organization as they believe that the reports will be valuable in aiding them to solve many of the religious problems with which they are confronted.

Mr. Bishop explained that the survey is to be made in every city and rural community in the United States and afterwards the work will be extended to foreign countries. After the data which is desired is filed maps will be made showing the relation between each church and the community in which it is located and how each church can better serve that community. The ministers will be asked to keep an accurate count of attendance at each service held in their respective churches during the time the survey is being made and

## MELLENCAMP CASES ARE CONTINUED IN COURT

Case of Bank of Norwood Vs. James Stanfield Up in Circuit Court Today.

The state cases against William and John Stanfield in which they are charged with failing to keep their children in school regularly have been continued until the next term. The cases were set for Thursday and the defendants have employed Senator E. P. Elsner to defend them and it will be impossible for him to be in court tomorrow as he will go to Indianapolis to attend the special session of the state legislature.

The case of the Bank of Norwood vs. James Stanfield, on note, is set for hearing in circuit court this afternoon. A jury was called to hear the case. The greater part of the afternoon was spent by attorneys arguing legal points in the case. The case was tried in the Jackson circuit court about two years ago by a jury which was unable to agree on a verdict and the plaintiff had the case refiled.

## LEGISLATURE TO MEET IN SPECIAL SESSION FRIDAY

Woman Suffrage Workers Secure Required Number of Pledges From Senators.

By United Press  
Indianapolis, January 14.—The Indiana legislature will meet at 10 o'clock Friday to take action on the federal suffrage amendment. It is generally conceded that the amendment will be ratified.

Two-thirds of the members of each house have pledged themselves to take no other legislative action, limiting the session to one day. Governor Goodrich sent out the assembly call last night when Indiana suffrage leaders submitted to him a list of thirty-five senators and seventy representatives pledged to the limitation.

The Governor had insisted that the suffrage obtain such pledges to assure that the session would be short and sweet.

Jesse Eschbach, speaker of the house and chief of the state board of accounts, said that if the senate disposes of the ratification resolution, before 11 o'clock it will go through the house before noon. He said the employees of the last session will again be on the job in the house.

## TWENTY-TWO HENS BRING \$31.20 ON LOCAL MARKET

Chickens Raised by Elsworth Johnson of Redding Township Average Six Pounds Each.

Elsworth Johnson, a well-known Redding township farmer brought twenty-two hens to the local market today for which he received \$31.20. According to the employees of the poultry house where the hens were sold, they were the finest lot placed on the market this season.

The average weight of the hens was six pounds each. Mr. Johnson has several hundred chickens on his farm and he stated that he never before realized their value until he placed the hens on the market this morning.

## RECEIPTS OF CATTLE AND HOGS UNUSUALLY LARGE

Stock Buyers Do an Exceptionally Heavy Business—Big Checks Given to Farmers.

The receipts of cattle and hogs in this city today were exceptionally heavy, and stock men declare they are unable to account for the unusually large business. George Schrier stated that he had handled more than \$10,000 worth of stock, the largest single day's business since he has been engaged in buying stock. Other buyers report heavy receipts.

It is suggested that the difference in the price of hogs and corn may have something to do with the market. Feeders declare that with corn selling at \$1.40 they are unable to feed hogs at a profit.

## Fighting Obregon.

By United Press  
Washington, Jan. 14.—Mexican federal troops are being rushed to the state of Sonora to "suppress the popularity of General Obregon, candidate for the presidency," according to unofficial advices from the border received here today. Obregon is a candidate in opposition to Carranza's party. The message said Carranza was about to put the state under martial law, but he had ordered several battalions of troops to the scene and his forces were reported already disembarking on the Gulf of California.

## THIS COUNTY WILL HAVE 13 DELEGATES

Apportionment for Republican Convention Made on Basis of Secretary of State Vote.

109 DELEGATES IN DISTRICT

Bartholomew County Leads With Fifteen—Brown With Two has Lowest Number in State.

Jackson county will send thirteen delegates to the Republican state convention according to the apportionment which has been made by the state committee. The number of delegates in each county is based on the vote cast for secretary of state in the 1918 election, one delegate being allowed for each two hundred votes or fraction thereof cast for that official. In 1918 William A. Roach, republican candidate for secretary of state, received 2,428 votes in Jackson county. The county committee will apportion the delegates among the various townships.

The Democratic state committee has not yet announced how many delegates will sit in the Democratic convention.

## CHARGES COMMISSIONER FAVORED COAL OPERATORS

Frank Farrington Argues for Six-Hour Day and Increase in Miners' Wages.

By United Press

Washington, January 14.—Charges that one of the employees of President Wilson's coal commission has acted in the interest of coal operators was made today by Frank Farrington, head of the Illinois district of the United Mine Workers of America. Farrington testifies before the commission which is to settle the coal controversy, said the employee against whom he made his charge had circulated signed articles belittling the cause of the miners. Chairman Robinson of the commission, declared an investigation would be made and asked Farrington for proof of his statement.

Farrington urged his commission to award the miners a six hour day, declaring there are fifty per cent. more miners than are necessary. Presidents Stewart of the Indiana miners, and Moore, of the Ohio miners, also urged the six-hour day and a sixty percent. wage increase, time and a half for overtime and double time for Sundays and holidays. Moore urged equalization of wages of day laborers.

Stewart asked abolition of the practice whereby the miners pay the company to have blacksmiths sharpen their picks.

## SCORES KILLED IN RIOTS IN BERLIN

President Ebert Proclaims State of Siege in Germany Expect in Three Provinces.

POLICE USE HAND GRENADES

Radical Speakers Incite People to Demonstration—Mobs Gather Before Reichstag Building.

By United Press  
Berlin, January 14.—A state of siege has been proclaimed by President Ebert throughout Germany with the exception of Wurttemberg, Saxony and Bavaria as a result of wide spread riots.

Scores have been killed in riots in Berlin and more than one hundred men and women wounded. The fighting occurred when police attempted to disperse a great mob which had formed in front of the reichstag building. Hand grenades were used by the police with fearful results. The mob began gathering shortly after noon in response to requests for a demonstration against pending labor legislation in the reichstag.

Radical speakers inflamed the people and they attempted to rush the reichstag. Fighting followed in which machine guns were brought into use. Greatest confusion resulted, many women being trampled as the great crowd attempt to escape the hail of bullets from soldiers and police.

Dead and wounded littered the great square in front of the reichstag.

## SITUATION SERIOUS

Berlin Riots Do Not Reach Gravity of Revolution.

By United Press  
London, January 14.—Latest reports from Berlin this afternoon indicated the situation in Germany is serious, but had not reached the gravity of a revolution. The demonstration and rioting near the reichstag apparently was inspired by the independent socialists who are frankly out to overthrow the government, dispatches said.

## DEPORTED REDS REPORTED "EATING ALL THEY CAN GET"

Officer of Soviet Ark, Buford, Undergoing Repairs at Kiel and Will Sail Soon.

By United Press

Kiel, January 14.—The two hundred forty-nine deported radicals aboard the United States transport Buford, "the soviet ark," have been "as peaceable as lambs," officers of the transport said today. The Reds have been "eating all they can get," but have made no disturbances and offer no threat of what they will do when they reach Russia, the officers added.

American correspondents were taken aboard the vessel today. There have been some slight dissatisfaction among the crew, it was learned, and three sailors deserted. Repair work on the Buford, however, was proceeding rapidly officers said, and the ship will probably sail soon for an unknown port.

## NEW'S FATE WITH JURY

Case Given Over Late Yesterday for Decision.

By United Press

Los Angeles, January 14.—The jury which will decide the fate of Harry S. New, accused of the murder of Freda Lesser, was deliberating today. The jurors were given the case late yesterday and when they had not reached an agreement at 11 p. m. were ordered locked up for the night.

#### Higher Salaries for Teachers.

Newcastle, Jan. 14—Teachers of  
this city have received an increase in  
salaries, the third within the year.  
The increases which were granted  
voluntarily by the city school board  
in appreciation of the services of its  
teachers range from \$2.50 to \$15 a  
month.

One of the largest hogs ever placed  
on the Seymour market was sold

convention, but it is expected that  
the basis of apportionment will be  
about the same as that adopted by  
the Republicans. Herman L. Conter,  
Democratic candidate for secretary  
of state in the last election, received  
2,492 so that the number of dele-  
gates to the Democratic convention  
from Jackson county will be about  
thirteen.

The Fourth district will be entitled  
to 109 delegates in the state con-  
vention. The apportionment by counties  
follows: Johnson, 11; Bartholomew,  
15; Jackson, 13; Decatur, 13; Ohio,  
3; Switzerland, 6; Brown, 2; Dear-  
born, 10; Jefferson, 14; Jennings, 9;  
Ripley, 13.

The Republican state convention  
will be composed of 1,521 delegates  
this year, compared to more than  
1,700 in 1918. The small number of  
delegates is due to the small vote  
cast in 1918 due in part to the ab-  
sence of the young voters who were  
in military service.

Marion county, of course, heads  
the list in the number of delegates  
in the state, its apportionment being  
149. Lake is next with 48. Then  
comes Allen with 46, followed by  
Vanderburg with 43. Vigo county is  
fifth down the line with 36.
